

STANISLAUS COUNTY SCIENCE OLYMPIAD

STUDENTS, COACHES, AND PARENTS/SPECTATORS CODE OF CONDUCT

Science Olympiad is an event that encourages students to learn science and much is gained through success and failure. To that means, we encourage the students to participate according to the code of conduct below. However, that code also applies to all attendees, including parents, chaperones and teachers. Adults are to encourage their children, but not interfere or communicate with them while the competition is underway. **If judges determine that an adult actively interferes or helps participants during the tournament, the participant may be disqualified from the event.**

Please ask all adults who attend the competition to read and sign this document. This document must be returned on the day of the competition.

“Student participants are expected to compete in tournament events with an honest effort to follow the rules and spirit of the competition. The goal of the competition is to give one's best effort while displaying honesty, integrity, and sportsmanship.

Students, coaches, and parents are expected to display courtesy and respect toward Olympiad officials, other teams, and guests of the Olympiad. Please remember all officials are volunteer specialists in their field and should be extended every courtesy.

Failure to show honesty and/or courtesy by a participant, coach, or guest of the team may result in disqualification of the team from that event and/or from the entire competition.”

SIGNATURES OF ATTENDING ADULTS
